

A HISTORY OF SPEED AND PRODUCTIVITY

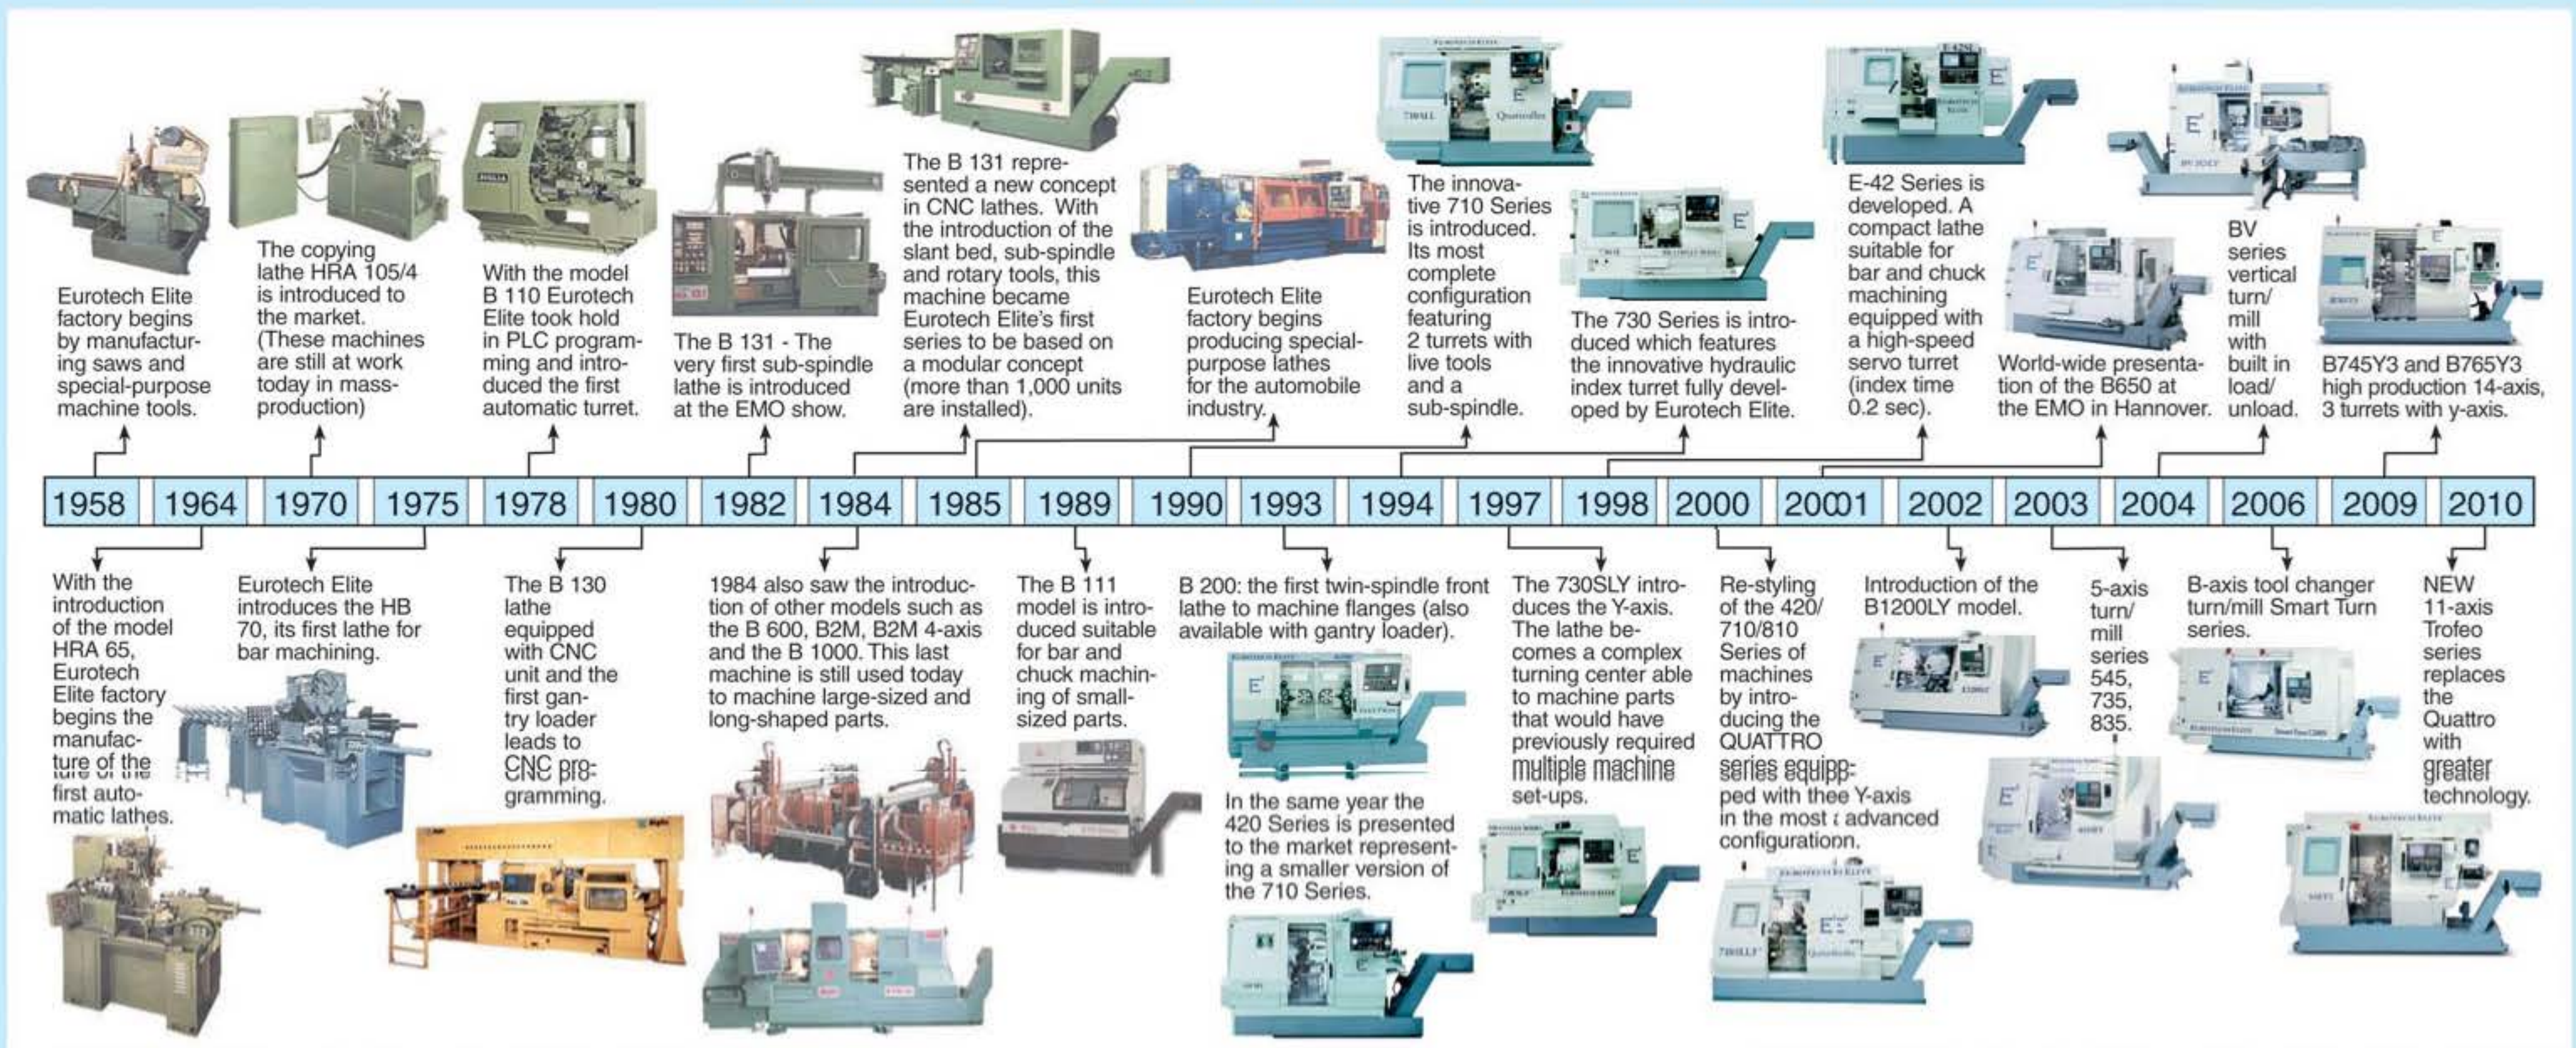

Since the start of operations in 1958, the Eurotech Elite factory has continuously grown and has produced over 10,000 machines.

Through constant innovation, Eurotech Elite has provided customers with high-technology that is both fast and enables unattended machining.

With sales in 2008 of 654 machines and recently completed plant expansion, Eurotech Elite is positioned to expand on its technology leadership position.
